Intermediate Estimator – Hamilton, ON

Durisol Noise Barrier Systems is the market leader in the noise barrier and retaining wall industry. Our company designs and supplies materials for proprietary noise and retaining wall systems – including Durisol precast absorptive noise barrier panels, transparent noise barriers, fire-rated barriers, narrow footprint retaining walls and MSE retaining walls. We perform all duties associated with our jobs, including sales, engineering/design, manufacturing and construction support. We are currently looking for an Intermediate Estimator in our Hamilton, Ontario location.

Job Description

We are seeking an Intermediate Estimator to join our team. The successful candidate should hold a Bachelor's degree in Civil Engineering /Architectural Technologist studies. Possession of a Professional Engineering designation or C.E.T. designation in a Canadian Province or Territory and specific industry knowledge is preferred.

Core Competencies

- Fluently read, write and communicate in English
- Analyze technical data and interpret contract drawings
- Excellent numerical and spreadsheet skills with high degree of accuracy
- Detail oriented to consistently produce quality work
- Work independently with minimal supervision
- Efficient time management to meet deadlines of multiple bids
- Easily adapt to new work environment and procedures
- Self-motivated to continuously improve productivity

Responsibilities

- Review Sales RFQ sheets and scrutinize tender / RFP packages
- Identify relevant RFP technical and commercial data and risks
- Advise Sales of RFP errors and omissions relevant to scope of work
- Generate material and product take-offs
- Prepare RFQ for Engineering for preliminary design summary
- Submit RFQs to outside Vendors for purchased product and services
- Develop detailed cost estimates
- Draft preliminary scope/proposal documents
- Verify final estimate package for accuracy and completeness
- Manage and maintain working documents for back-up
- Support Sales for hand-off to Project Group at contract award
- Support Project Management with estimates for scope changes

- Other duties as assigned

Qualifications

- Graduate Civil Engineer, Engineering/Architectural Technologist or equivalent from recognized Canadian Institution.
- P.Eng. or C.E.T designation preferred
- 3 – 5 years of estimating experience, preferably in the precast concrete or construction industry
- Experience in provincial and municipal tender / bidding processes beneficial
- Proficiency in MS Office applications

Durisol Ltd. is committed to meeting the accessibility needs of persons with disabilities in an effective and timely manner in accordance with the applicable standards set out in the Accessibility for Ontarians with Disabilities Act, 2005 (AODA), the provisions of the Ontario Human Rights Code, and any other applicable legislation.
