## **Intermediate CAD Draftsperson – Hamilton, ON**

Durisol Noise Barrier Systems is the market leader in the noise barrier and retaining wall industry. Our company designs and supply of materials for proprietary noise and retaining wall systems – including Durisol precast absorptive noise barrier panels, transparent noise barriers, fire-rated barriers, narrow footprint retaining walls and MSE retaining walls. We perform all duties associated with our jobs, including sales, engineering/design, manufacturing, and construction support.

### **Job Description**

We are seeking an experienced CAD Draftsperson to join our Hamilton team. The desired candidate should be a Drafting/Design Program graduate or someone with relevant experience in the construction or precast industry is preferred.

### **Job Requirements**

- Preparing shop drawing submittals for approval
- Preparing shop releases for manufacturing and installation
- Must be literate in drafting and design programs to a high degree of proficiency
- Previous experience of design-related duties with a proven track record
- Meeting with internal and sometimes external clients, to establish the design brief, including the concept, performance and production criteria;
- Working on ideas as part of a team or developing design concepts using CAD;
- Sketching initial design ideas;
- Producing 3D photo realistic renderings for presentation, as required;
- Identifying the suitability and availability of materials;
- Producing detailed, final drawings and specifications to produce design specifications, including parts lists;
- Developing and maintaining standardized title block sheets and presentation formats.

### **Qualifications:**

- 3-5 years of hands on experience in the road or construction industry
- Ability to read and interpret drafting related site drawings
- Strong cross-functional collaboration skills and the proven ability to work effectively with numerous stakeholders and contributors, both internally and externally
- Passionate about achieving results and contributing significantly to organizational outcomes
- Proactive, self-starter with willingness to take ownership and responsibility
- Ability to work and gain results in a team environment
- Proficient in working with AutoCAD

- Excellent written and verbal communication skills
- Requires excellent time management skills to meet deadlines
- Must be a detailed oriented individual with excellent organizational skills and a 'can do' attitude
- Have strong knowledge in computers and Microsoft Office
- Precast business or wall experience is an asset

**What Durisol has to offer:**

- An excellent work environment
- Room for professional growth
- Competitive compensation package with group benefits and an RRSP program

Durisol Ltd. is committed to meeting the accessibility needs of persons with disabilities in an effective and timely manner in accordance with the applicable standards set out in the Accessibility for Ontarians with Disabilities Act, 2005 (AODA), the provisions of the Ontario Human Rights Code, and any other applicable legislation.
