Project Manager – Hamilton, ON

Durisol Noise Barrier Systems is the market leader in the noise barrier and retaining wall industry. Our company designs and supply of materials for proprietary noise and retaining wall systems – including Durisol precast absorptive noise barrier panels, transparent noise barriers, fire-rated barriers, narrow footprint retaining walls and MSE retaining walls. We perform all duties associated with our jobs, including sales, engineering/design, manufacturing, and construction support. We are seeking a self-motivated, profit driven, and customer service-based person to join our team as a **Project Manager** based out of our Hamilton, Ontario location.

PRINCIPAL RESPONSIBILITIES:

- Proactively identify project risks and issues and work with the team to develop and execute response and contingency plans
- Effectively manage the projects in accordance with the terms and conditions of the contracts
- Engage the project team (drafting, engineering, procurement, production, transportation, and construction), customer and other notable project stakeholders
- Regularly manage, monitor and control project progress, job costs, financial performance, A/R, invoicing and payments
- Review non-conformance reports generated by the Quality Control Department, and offer support and guidance where appropriate
- Support the Sales team during the pre-bid stage on opportunities by identifying and evaluating project risks
- Support the Sales team in reviewing contracts, subcontracts and NDAs
- Travel throughout Ontario to support projects as required

DESIRED APPROACH TO MANAGING PROJECTS

- Exercise influence, control, and authority to ensure timely decision making in managing issues, risks, change and project performance
- Pursue best in class quality in our project deliverables, communications and services to both our external and internal project stakeholders

- Create an environment which is solution oriented, that adapts to the project needs and where communication and transparency is encouraged
- Be fiscally responsible for the project budget as such demonstrate a strong command and understanding of the projects financials and investigate and flag issues when they arise

KEY QUALIFICATIONS

- 5 – 10 years of Construction / Project Management experience
- Bachelor's degree in Civil Engineering or Construction Management is preferred
- Broad technical background and strong technical aptitude (i.e. conversant with construction drawings, specifications, codes, procedures, and standards)
- Construction and Precast experience is an asset.
- Strong Proficiency in Outlook, Word, Excel, Project, and Adobe. (AutoCAD is a plus)
- Proficiency in English

Durisol Ltd. is committed to meeting the accessibility needs of persons with disabilities in an effective and timely manner in accordance with the applicable standards set out in the Accessibility for Ontarians with Disabilities Act, 2005 (AODA), the provisions of the Ontario Human Rights Code, and any other applicable legislation. We foster an inclusive organizational culture as an Equal Opportunity Employer.
