Junior AutoCAD Draftsperson – Hamilton, ON, 14-month maternity leave coverage

Durisol Noise Barrier Systems is the market leader in the noise barrier and retaining wall industry. Our company designs and supplies materials for proprietary noise and retaining wall systems – including Durisol precast absorptive noise barrier panels, transparent noise barriers, fire-rated barriers, narrow footprint retaining walls, and MSE retaining walls. We perform all duties associated with our jobs, including sales, engineering/design, manufacturing, and construction support. We are currently looking for a Junior AutoCAD Draftsperson at our Hamilton, Ontario location.

Durisol is currently seeking a **Junior AutoCAD Draftsperson** for a **14-month contract** to cover a maternity leave. This role is based at our **Hamilton office**.

The Junior AutoCAD Draftsperson will play a key role in supporting our design and engineering teams by producing technical drawings and plans essential to our construction and manufacturing processes. Working under the guidance of senior drafters and engineers, the successful candidate will help translate concepts and specifications into precise, detailed visual representations.

Responsibilities:

- Develop and prepare engineering drawings from preliminary concepts, sketches, engineering calculations, specification sheets and other data.
- Develop and prepare design sketches.
- Develop and prepare production work orders with accompanying product drawings.
- Produce detailed, final drawings and specifications to create parts lists and bills of materials.
- Ensure drawings and designs adhere to project specifications and standards required for noise barrier and retaining wall construction.
- Developing and maintaining standardized title block sheets and presentation formats.
- Assist with Project Scheduling Reports.
- Other duties as assigned.

Qualifications:

- Diploma in Civil Engineering Technology or Architecture.
- 3-5 years of AutoCAD experience.

- Ability to read and interpret drafting-related site drawings.
- Must be literate in drafting and design programs.
- Experience in standardized drafting practices is highly desirable.
- Strong cross-functional collaboration skills and the proven ability to work effectively with numerous stakeholders and contributors, both internally and externally.
- Passionate about achieving results and contributing significantly to organizational outcomes.
- Proactive, detail-oriented self-starter with excellent organizational skills and willingness to take ownership and responsibility.
- Ability to work and gain results in a team environment.
- Excellent written and verbal communication skills.
- Requires excellent time management skills to meet deadlines.
- Must be a detail-oriented individual.
- Have a strong knowledge of computers and Microsoft Office, including Excel Spreadsheets.
- Precast business or wall experience is an asset.

What Durisol has to offer:

- An excellent work environment.
- Competitive compensation package with group benefits and an RRSP matching program.

Durisol Ltd. is committed to meeting the accessibility needs of people with disabilities in an effective and timely manner in accordance with the applicable standards set out in the Accessibility for Ontarians with Disabilities Act, 2005 (AODA), the provisions of the Ontario Human Rights Code, and any other applicable legislation.
